

# Information & How to Apply

Path Home's Homelessness Prevention Program offers help to households with children that are at risk of losing their housing. This program is designed to help households that have the ability to pay ongoing rent but need one-time or short-term financial help to keep their housing.

Applicants will need to show proof that they will be able to pay ongoing rent after receiving assistance from Path Home in order to qualify for this program. Families that qualify may receive one to four months of financial assistance.

(See [path-home.org/prevention-qualifications-requirements](https://path-home.org/prevention-qualifications-requirements).)

Applications may be submitted at any time. Selections are made twice per month, at random, from the pool of all qualified applications.

(See [path-home.org/prevention-qualifications-requirements](https://path-home.org/prevention-qualifications-requirements).)

**Before beginning the application, make sure you are eligible by asking yourself the following questions:**

- Do you have at least one person in your household who is under 18 years old or in their third trimester of pregnancy?
- Do you have a verifiable way of paying rent on your own after one-time or short-term assistance? This may be current or upcoming employment, benefit income, etc.
- Have you paid your own rent for the past 12 months without receiving rent assistance from an agency? (Agencies include social services nonprofits, charitable organizations, government agencies, etc.)

If you answered no to any of the above questions, you are not eligible for this program. If you answered yes to all, you may qualify for one-time or short-term assistance.
